

## Clean Fuels and Technology News

### Climate Counts Cites UPS for Environmental Leadership

For the fourth consecutive year, UPS has earned the No. 1 ranking in the consumer shipping category of the Climate Counts Company Scorecard. Climate Counts, a non profit organization, categorized UPS as "soaring" which recognizes companies that are "demonstrating truly exceptional leadership on climate change." Of the 145 companies that made the list, UPS was the only transportation and logistics provider to appear in the top tier of the list.

Climate Counts shares its rankings via a consumer shopping guide, available at [www.climatecounts.org](http://www.climatecounts.org).

### Upcoming Events Hosted by KCFC

KCFC will be hosting 3 day events for Hybrid Certification and Data-Link Training. There will be no fee for participation and certification, training is being paid for by the program.
