The State Bid List Has Added CNG Vehicles

CNG vehicles have been added to the state bid list. Bob Hook Chevrolet has the 2500 Silverado pick up and Sam Swope has the Ford Transit Connect Van and the Dodge Ram 2500. All available for purchase with the CNG package installed. These may be purchased from the state vehicle contract/bid list by anyone currently authorized to buy vehicles in this manner.

Bob Hook III chats with Waste Management of Kentucky's District Manager, Marie Burnett, at the CNG refueling site on Grade Lane.

Survey on Kentucky's Transportation System

Not many people think about the impact that construction and maintenance of highways and bridges have on our air, water and land resources. Now you have a chance to get involved. The Kentucky Transportation Cabinet is currently conducting a survey to obtain information that will go into development of their 2013 Long Range Transportation Plan Update.

Please take the survey, the more information the Transportation Cabinet has, the better. The survey is available at www.transportation.ky.gov. Just click on the "Your Turn" survey link and take a few minutes to provide information that will be used to plan the future of Kentucky's transportation system.

KCFC News is a newsletter for KCFC members and interested parties.
