KCFC Awarded Funding for Internship Position

Argonne National Laboratories has awarded KCFC \$8,500 to employ an intern during the Fall 2015 and Spring 2016 seasons. Both Lizzy Gardner, Administrative Assistant and Emily Carpenter, Project Manager were former interns under the program.

KCFC to Address Kentucky Energy Committee

KCFC will present "Transportation Technologies Across Kentucky", an overview of programs and projects, to the Kentucky Legislative Joint Energy Committee.

of programs and projects, to the Kentucky Legislative Joint Energy Committee. The presentation takes place August 21st, 10:00 am at the Capitol Annex Building.

About Us

The Kentucky Clean Fuels Coalition was established in 1993 to provide the first alternative fuels resource for Kentucky educators, consumers and providers of alternative fuels/vehicles. It is now a successful non-profit 501C3 self-supporting organization and a national leader in the clean fuels market.
