

### Clean Fuel & Technology News

#### Howell Highlights KCFC Success at Kentucky Energy Committee Meeting

KCFC members were on hand Friday morning, July 20, in Frankfort as Ex. Dir. Melissa Howell gave presentation to the Special Legislative Subcommittee on Energy. The group heard first hand about all KCFC projects and programs.

#### KCFC Intern Funding Approved

Argonne National Laboratories has chosen KCFC for funding of an intern Fall 2012 and Spring 2013. Interns from across the region can apply with one chosen in mid August. KCFC will focus on tasks that assist the intern in becoming the liaison between KCFC and secondary and post secondary schools. Service technicians are a field greatly needed in the alt fuel advanced technology arena.

Join Waste Management for the Grand Opening of its CNG Refueling Center - August 1

PLEASE JOIN US IN CELEBRATING  
**CLEAN AIR AND QUIETER STREETS**

On behalf of Waste Management, we cordially invite you to join us on Wednesday, August 1st at 4:00pm to celebrate the debut of Louisville's first public access, 24-hour compressed natural gas fueling station at Waste Management's 7501 Grade Lane facility. Louisville Mayor Greg Fischer, along with civic, sustainability and community leaders will be guests at this historic event. [Get more details.](#)

**AEP Focus of New Environmental Video**

TV Worldwide and KCFC will be on board the "Donna Rushing" Monday to produce a marine environmental video that highlights Biodiesel use and a variety of marine niche market cutting edge technologies. Stay tuned.

---

**REGISTER TODAY: Compelling Case for NGV's Workshop**

**July 31, 2012**

**Crowne Plaza Airport, Louisville, KY**

The full day workshop will be presented by the Clean Vehicle Education Foundation and co-hosted by KCFC, Kentucky Division of Air Quality, Louisville Metro Air Pollution Control District, Kentucky Energy and Environment Cabinet, Kentucky Gas Association, and the Kentucky Department of Energy Development and Independence.

Stephe YBorra with CVEF has presented this curriculum style workshop over 59 times across the country to over 6,000 people. Fleet managers, technicians, electricians, policy writers, municipalities, utilities, all government fleet representatives will be able to visit with the industry's best vendors, teachers, equipment manufacturers, gas sales folks and more.
