### Clean Fuel & Technology News

#### NASPO Natural Gas Vehicle RFP Released

07.24.2012 - The National Association of State Procurement Officials (NASPO) and its fifty-six member states have released a [Request for Proposal](#) for the purchase of OEM natural gas vehicles. The lead state for this effort is Oklahoma. **Responses will be due to Oklahoma (as the lead state) on September 7.**

This effort was begun in April with the release of an RFI (announced on this website) by Colorado. As of today, 20 states have indicated an Intent to Participate in this effort, including: Colorado, Connecticut, Hawaii, Kentucky, Louisiana, Maine, Minnesota, Mississippi, Montana, Nevada, New Mexico, Ohio, Oklahoma, Pennsylvania, South Carolina, Texas, Utah, Vermont, West Virginia and Wyoming.

If you are a dealer who does or can or wants to potentially provide OEM natural gas vehicles to any of these states we strongly encourage you to contact your OEM and get certified to provide warranty repair services for NGV's. We understand that this certification can take some time and potential responders will have to be certified in order to be able to submit compliant responses. We would encourage potential dealer responders to act NOW.

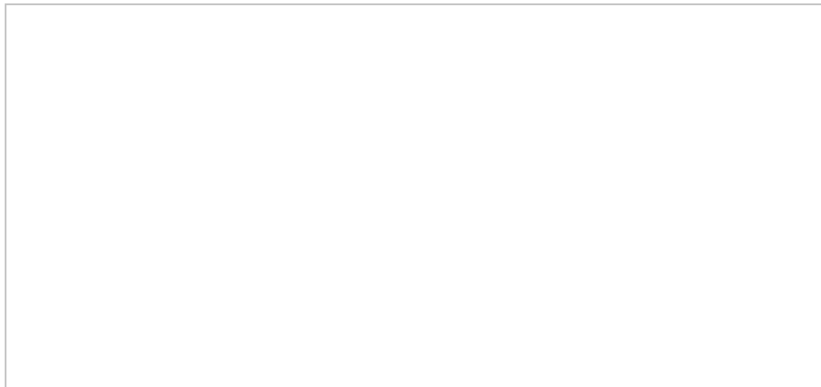

If you have any questions, please contact us at [wncoopdt@gmail.com](mailto:wncoopdt@gmail.com).

#### AEP's "Green Boat" Focus of New Environmental Video

Coming Soon...Video Special of American Electric Power River Operations "Green Boat" - the Donna Rushing.

The video feature is a collaboration between AEP, Maritime TV, TV Worldwide and the Kentucky Clean Fuels Coalition. Final video product is anticipated by mid August.

Here are various photos of video crew boarding the Donna Rushing just outside Paducah, including KCFC Executive Director Melissa Howell at the helm.

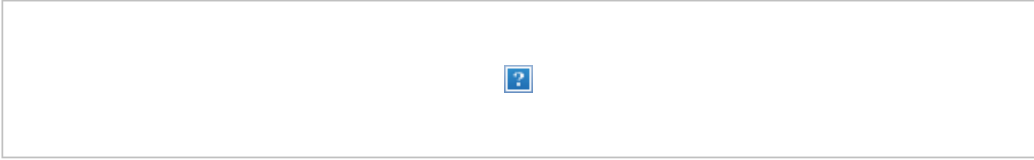

---

**NEXT WEEK: Compelling Case for NGV's Workshop**  
**This is the last day to register online.** You may pay at the door.

July 31, 2013 - Group Dinner - Airport - Louisville, KY

**July 31, 2012 - Crowne Plaza Airport, Louisville, KY**

The full day workshop will be presented by the Clean Vehicle Education Foundation and co-hosted by KCFC, Kentucky Division of Air Quality, Louisville Metro Air Pollution Control District, Kentucky Energy and Environment Cabinet, Kentucky Gas Association, and the Kentucky Department of Energy Development and Independence.

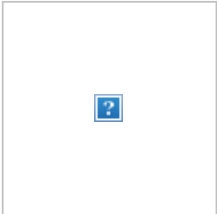

Stephe YBorra with CVEF has presented this curriculum style workshop over 59 times across the country to over 6,000 people. Fleet managers, technicians, electricians, policy writers, municipalities, utilities, all government fleet representatives will be able to visit with the industry's best vendors, teachers, equipment manufacturers, gas sales folks and more.

**Howell to Present to Kentucky Legislative Committee on Local Governments - August 22**

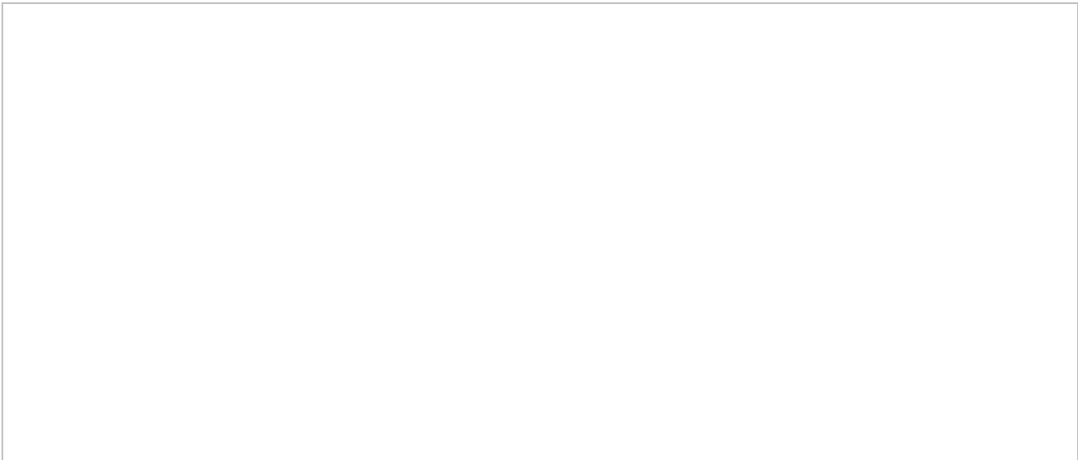

Executive Director Melissa Howell has been asked to give a Kentucky Clean Fuels Coalition presentation to the Legislative Committee on Local Governments, August 22, Room 171 10:00 am EDT, Capitol Annex, Frankfort.

**Join Waste Management for the Grand Opening of its CNG Refueling Center - August 1**

On behalf of Waste Management, we cordially invite you to join us on Wednesday, August 1st at 4:00pm to celebrate the debut of Louisville's first public access, 24-hour compressed natural gas fueling station at Waste Management's 7501 Grade Lane facility. Louisville Mayor Greg Fischer, along with civic, sustainability and community leaders will be guests at this historic event. [Get more details.](#)

Don't miss the Muscle Car Nationals on August 3rd. Racer Susan Roush will be on hand with her Propane powered car as well as other LPG experts to answer questions and give out information.
