

## Ground Broken for LNG Site in Georgetown, Kentucky

Construction has begun at 110 Tri Port Road for Kentucky's first LNG refueling station. The site is part of the America's Natural Gas Highway project, an initiative by Clean Energy that includes 150 sites nationwide. The location is adjacent to the Pilot retail fueling facility.

A second site has been identified at 4626 Preston Avenue, Louisville as Kentucky's next LNG site as part of the Clean Energy initiative.

## ROUSH CleanTech is Launching Demonstrator Loaner Vehicle Program

ROUSH CleanTech has established a **Demonstrator Loaner Vehicle Program**. They are providing a propane autogas vehicle for one week for anyone interested. There are a few guidelines for the program, but their goal is have as many people test driving propane autogas vehicles as possible. Ford trucks, vans and chassis cabs to travel across the country visiting potential customers.

### *How to Request a Vehicle*

All requests must be documented and submitted on the [Vehicle Request Form](#) to ROUSH CleanTech Marketing at [propane@roush.com](mailto:propane@roush.com). Once ROUSH CleanTech receives a completed request form, the requester will be notified of receipt.

For more information contact Chelsea Uphaus: (734)466-6710 or [chelsea.johnston@roush.com](mailto:chelsea.johnston@roush.com)

**RSVP By October 15th**

## **Speedway E85 Refueling Grand Opening**

This Friday, October 18th, Speedway, the Kentucky CornGrowers and KCFC will celebrate the addition of E85 refueling at the 1040 North Mulberry, Elizabethtown, KY retail site.

From 4:00 - 6:00 pm - special E85 fuel pricing as well as additional incentives will be featured.

## **Westport Offering Free CNG**

Westport has now become Ford's largest QVM, and offers the largest portfolio of Ford natural gas vehicles in North America with more than 10 Westport WinG bi-fuel and dedicated CNG vehicles, from our full-line of Ford Super Duty trucks, service bodies, and chassis cabs to passenger vans, cargo vans, shuttle, and cutaway chassis.

Westport is running a Free CNG Fuel promotion designed to attract large fleets. Westport is giving away up to 750,000 GGEs (gasoline gallon equivalent) of CNG fuel. Fleets that order qualifying Westport WinG Power System vehicles by October 31, 2013, will get CNG fuel credits that can be used at any public Clean Energy CNG station:

- 1,000 GGEs of free CNG per unit with an order of 10-24 Westport vehicles
- 1,500 GGEs of free CNG per unit with an order of 25-49 Westport vehicles
- 2,500 GGEs of free CNG per unit with an order of 50 or more Westport CNG vehicles

Fuel credits can be used through December 31, 2015.

## **Melissa Howell Named 2013 Sustainability All-Star Award Winner**

Melissa Howell, KCFC Executive Director, named 2013 Sustainability All-Star Award Winner at the Green Fleet Conference in Phoenix. Green Fleet magazine noted, "These fleet professionals have reduced greenhouse gas emissions, created green fleet and sustainability policies, and have dedicated their time and energy to ensuring the path to sustainability is clear."
