Preparing Vehicle Technicians for Advanced Transportation Fuels

Preparing Vehicle Technicians for Advanced Transportation Fuels is an initiative designed to develop an advanced transportation technology training program at Owensboro Community and Technical College (OCTC). The program is the first college program in the state and the nation to offer technician training in all of the advanced transportation/alternative fuel vehicle technologies. The curriculum includes conventional hybrid, plug-in electric, dedicated electric vehicle, biodiesel, propane, ethanol, compressed and liquefied natural gas, and fuel-cell vehicles.

For more information visit our website at <http://kentuckycleanfuels.org/2014/05/octc-initiative-preparing-vehicle-technicians-advanced-transportation-fuels/>

KCFC Leadership at the KGA Annual Meeting

The Kentucky Gas Association hosted their 48th Annual Meeting in Owensboro, Kentucky at the Owensboro Convention Center, June 4-6.

Al Mattingly, Daviess County Judge Executive, Dr. Klauber, OCTC President, Melissa Howell, KCFC, and Mike Rodgers, OCTC Automotive Director attended the KGA Annual Meeting that featured Kentucky legislative energy and natural resources subcommittees.

Dr. Klauber and Matt Tackett (not pictured) spoke to the committees on behalf of the Owensboro Community & Technical College Initiative, Preparing Vehicle Technicians for Advanced Transportation Fuels.

KCFC Executive Director Speaks to the AAE

Melissa Howell and Scott Cody, UPS, spoke to the American Association of Airport Executives today in Louisville.

Government Fleet Announces Leading Fleets for 2014

Government Fleet magazine has announced the Leading Fleets for 2014. The awards program, sponsored by Ford Motor Company and Property Room, recognizes operations that are performing at a high level, particularly in fleet leadership, competitiveness and efficiency, planning for the future, and overcoming challenges.

The 50 Leading Fleets represent the best in the industry, and among these, the top 20 will be ranked and recognized. Additionally, Government Fleet will recognize the top fleets in size categories: No. 1 small fleet (499 or fewer assets), No. 1 mid-size fleet (500-999 assets), and No. 1 large fleet (1,000 or more assets).
